Conference Hall,
 Govt. Degree College, Siddipet

Organized by:
 Department of Library & Information Science

GOVERNMENT DEGREE COLLEGE, SIDDIPET,
 (AUTONOMOUS)
 Re-accredited 'A' by NAAC
 SIDDIPET DISTRICT, TELANGANA.

About the College

Government Degree College, Siddipet, Siddipet (Dt) was established in the year 1956 with 36 students and now reached to about 3000 students by the relentless efforts, role, participation and selfless support extended by the philanthropists, academicians politicians, authorities and teaching fraternity like IIT doyen Sri Chukka Ramiah as a teacher. Being a prominent higher educational institution in the district with six glorious decades of existence, College has been re-accredited 'A' by NAAC in the year 2011. Further it was re-accredited with 'A' grade by securing 3.14 CGPA in its third cycle of accreditation in 2017. It has 18 Departments at UG and 6 at P.G. level with 95 very spacious rooms and 27 well equipped laboratories. The college is endowed with many unique features. Its is located in the core area of the town with 18.29 acres of land, it has 6 NSS units and 1 NCC unit which are infusing national fervor and social awareness among their Volunteers & cadets. There are 70 well qualified and highly experienced & dedicated teachers. Among these there are 16 doctorates and same number of Ph.D pursuing staff. Further, they always strive with their indomitable spirit to put their best to impart application oriented education & values among the students, who hail from Siddipet town and surrounding economically, educationally and socially backward villages.

As far as publication and research undertaking are concerned, college faculty has published 250 Research Papers in ISSN & ISBN. They have attended more than 400 National Seminars and 25 International Seminars / Conference in which about 250 plus papers were presented, 10 staff members were sanctioned with M.R.Ps in which 5 have been completed. About 24 Staff members have cleared their NET/ SLET/SET. The college has organized good number of National /State level seminars and Workshops is dedicated to excellence in the field of higher learning. It is committed to the cause of empowerment and employability of its students with state of art of the library which harbours 50000+ volumes, e-library various national & inter national journals in different disciplines besides multiple numbers of magazines. Physical education facilities in the college are hallmarks of all round development of our students. Over the years of its long saga of success, the college has groomed many youth into iconic persona lities like Sri. K. Chandrashekar Rao, the first C.M. of Telengana state, Dr. K.V. Ramana Chary, IAS, besides four more M.L.A.s and M.L.C.s are a few illustrious alumni of the college. The college time and again withstood the changes and proved its mettle by constantly encouraging talent and hard work.

About Siddipet

The geographical, social, economic, educational and cultural back ground of the Siddipet is mixed with both rural and urban ambience. This town is located at 18.1 degree north, 78.85 degrees east and it has an average elevation of 675 meters. According to the Indian census of 2011, it has population of approximately 1,80,000. Male and female ratio constitutes 50% each with an average literacy rate of 81% higher than the national average of 59.5%. Regarding to educational profile, Siddipet is the education hub in Siddipet District. There are 3 engineering colleges, 7 Government &

11 private degree & P.G. colleges, 2 Government & 12 private junior, 2 polytechnic, 4 B.Ed, 4 D.Ed, 1 Pharmacy College and 3 Government & 30+Private high Schools. Further, all of the students studying in these institutions together constitute about 70,000 at age of between 18 to 25 years, for whom almost 2000+ teachers are rendering their selfless and dedicated service. Attraction and places to visit nearby Siddipet are great Medak church, Kottalingaala, Vemulawada and Saraswathi Temples. The beautiful lakes Komati Cheruvu, Yerra Cheruvu and Narsapoor Cheruvu add to the beauty of the place.

About College Library

College is an institution of higher education where an individual sharpens the intellect and unfolds the mysterious faculties of mind. College library is the heart of institution. It supports process of college education through providing required reading materials (Print + Electronic) to the user and opens the doors to the wide world of books which encourages reading for gain of knowledge and pleasure.

The Department of Library was established in 1956, under the The succession of Librarians is as follows Sri. S.J.Basha, Sri. T. Pratap Reddy, Sri. L. Harinath, Sri. M. Shankarath, Sri. Md. Mahaboob Baig, Smt. M. Karuna and Present Librarian is Sri. A. Durga Prasad from 2013 onwards.

College library has rich collection of print and Electronic resources. The library has a collection of more than 51000 books and a good number of national, international and e-journals, 150 bound volumes, 150 cd/dvd's. Internet connectivity with 20 computers digital library initiated. Using SOUL 2.0 Version Library Automation software. It is automated and circulation is done with barcode technology. Separate building for College library. Ground floor stock books, reference service, periodicals section, 1st floor reading hall and competitive books. Open access facility to all users. College library is One of the biggest library in Govt. degree colleges in Telangana state.

National Library and Information Services Infrastructure for Scholarly Content, INFILIBNET NLIST: Subscription and access providing OPAC (Online Public Access Catalogue) LAN, internet access and Reprographic facilities. The library has access to online resources with NLIST. Users can access all the e-resources more than 125000 eBooks, 7000 e-journals and National and

International Journals online at any location. This also enables free downloading of all material. Registered with National Digital Library for access Digital information resources. Best practices are User Orientation and Open access facility to readers.

Information Communication Technology: ICT is a unique technology which has used universally in all span of life. ICT plays a predominant role in the creation and development of knowledge. The ICT revolution has changed the learning process of childhood up to the real world. E-learning is a combination of learning services and technology to provide high values. Internet plays a vital role in e-learning. E-Learning is attaining significance in the world of internet. Due to the advantages of internet, e-learning reached at anytime and anywhere. To meet the demands of our global economy, there must be corresponding adoptions of e-learning in child education to develop 21st century skills. The rapid growth in ICT has brought remarkable changes in the twenty-first century, as well as affected its adoption and integration by teachers in teaching-learning process. The ICT brings more rich material in the classrooms and libraries for the teachers and students. It has provided opportunity for the learner to use maximum senses to get the information. It has broken the monotony and provided variety in the teaching-learning situation.

Aim of the Seminar:

The effective integration of technology into class room practices poses a challenge to teachers and administrators. The findings of this study indicate that teachers and administrators have strong desire for the integration of ICT into education but they encountered many barriers to it. Technology and teacher professional development in its use are best introduced in the context of broader educational reform which embraces a shift away from teacher-centered, lecture oriented towards learner centered, interactive and constructive learning environment. Multimedia and ICT can play the role of catalyst for such educational reforms. Thus teacher professional development in the use of interactive technology should embody and model the forms of pedagogy that teacher can use themselves in their classroom.

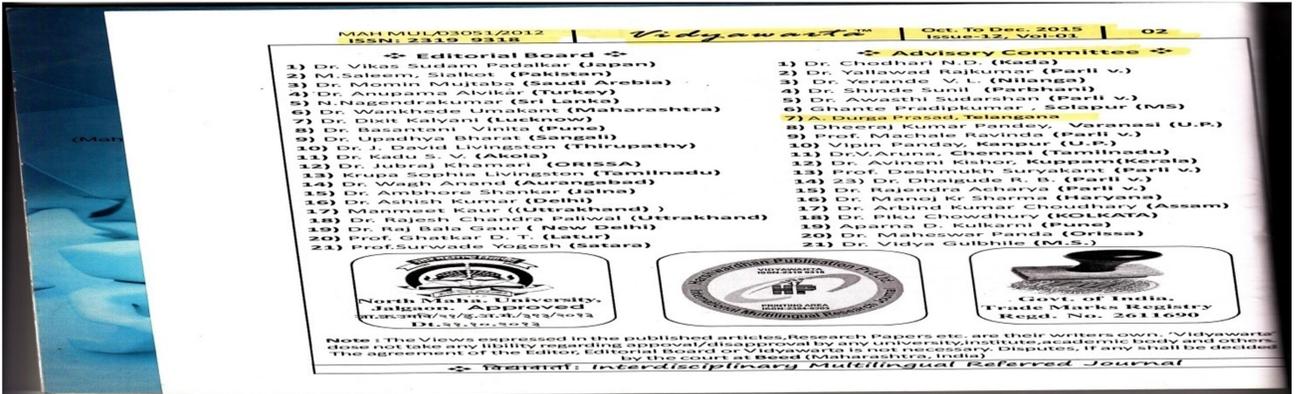

Objectives of the seminar:

- To create awareness on Information communication Technologies for effective teaching;
- To enhance understanding for excellence in effective teaching through technology.
- To empower E-Learning through online education like Massive Open Online Courses
- To access Open Educational Resources for Academic and Research strengthen.
- To discuss the changing trends of research in higher education

Themes:

- Information Communication Technology Enabled Teaching
- MOOC's-Massive Open online Courses, Swayam
- NKN Research Publications
- Electronic Resources: Open Access Resources, Electronic Thesis and Dissertations, Infolibnet NLIST Access , E PG Patashala , National Digital Library.
